

## OUTDOOR SPEAKER SYSTEM

H-2WP

DESCRIPTION

Designed for outdoor—use applications, the H—2WP is a dome—shaped, small surface—mount 2—way speaker that ensures quality sound reproduction. The angle of speaker can be adjusted for 360 degrees parallel to the mounting surface. (For the installation on walls, however, keep the speaker facing down within 45 degrees left and right each.)

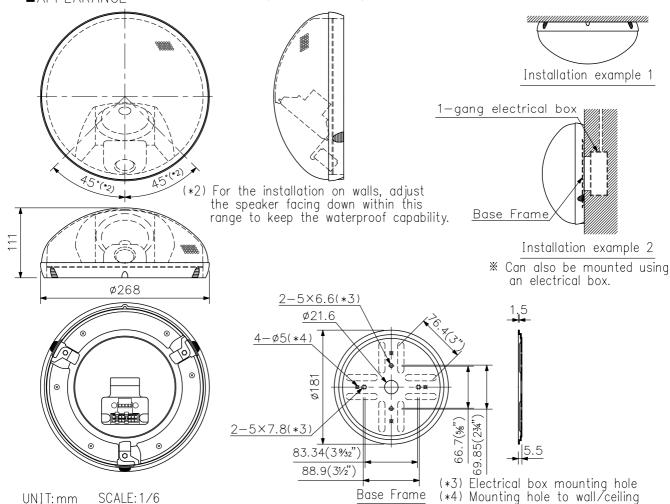

## ■ SPECIFICATIONS

Enclosure Type         Sealed type           Power Handling         120 W (continuous program/4 Ω), 40 W (continuous pink noise/4 Ω)           Rated Input         12 W (16 Ω, high impedance)           Rated Impedance         4 Ω, 16 Ω           100 V line: 830 Ω (12 W), 1.7 kΩ (6 W), 3.3 kΩ (3 W)           70 V line: 420 Ω (12 W), 830 Ω (6 W), 1.7 kΩ (3 W), 3.3 kΩ (1.5 W)           Sensitivity         88 dB (1 W, 1 m) at installation in 1/2 free sound field (Measured by installing the unit in the center of a wall.)           Frequency Response         100 Hz - 20 kHz           Dust/Water Protection         IP64           Speaker Component         Low frequency: 10 cm cone-type, High frequency: Balanced dome-type           Input Terminal         Detachable screw terminal, (+)/(-) 2 each (for bridging connection)           Usable Cable         Solid cable, stranded cable: 0.2 - 2.5 mm² (AWG No. 24 - 14 equivalent)           Finish         Punched net: Steel plate (zinc plating), white, powder coating Frame: Fire-resistant ABS, white, paint Base frame: Stainless plate           Dimensions         Ø268 × 111 mm           Weight         2.1 kg (including base frame)           Accessory         Base frame ······1, Electrical box mounting screw ······1 set           Usable Electrical Box         1-qang type (with cover)(*1)           Other Feature         Angle of speaker: 360 degrees adjustable in parallel to the mount	■ JI LUII 1U/\\\1U\\J

		direction for the wall installation.)

(\*1) Without using an electrical box, mounting the supplied base frame directly to a wall or ceiling allows the speaker installation.

Note: Do not install the unit where it is likely to be corroded in such places as indoor pools, bathrooms, or seaside.
